AUTO CLUB WANTS A MACADAM ROAD

Project on Foot to Build One from Norfolk to Richmond.

[Special to The Times-Dispatch.] NORFOLK, VA., October 25.—Backed by the Tidewater Automobile Club, and with Vice-President C. H. Bull behind the project, a movement is to be launched, probably at a meeting of the club on Monday night, for a modern and up-to-date macadam roadway from Norfolk, via Suffolk and Petersburg,

to Richmond.

Mr. Buil is enthusfastic over the project, is confident that the automotific clubs of all three cities, as well as others interested in good roads, will rend ald, that State assistance is not lend aid, that State assistance is not improbable, and that the scheme is entirely practical. He expects to present the matter to the proper parties to interest in Richmond, as that city will be equally interested with Norfolk.

Mr. Bull cites, not counting the great convenience such a highway would be to automobilists, but declares it would be a greated to the sure length.

convenience such a highway would be to automobilists, but-declares it would be a godsend to the rural residents, attract tourists who own automobiles, to both cities, and in this respect would be a paying investment.

It is the present idea of Mr. Bull that with Norfolk, Richmond, Petersburg and Suffolk interested, and with the counties through which the roadway would run, joining hands, that the construction of the road would be an easy matter, even though the State gave no ald. He believes, however, that with the right sort of a pull together, the Commonwealth would build the roadway, or if not, that it would lend material aid.

St. Julian Wilson, State Road Commissioner, will be the guest of the Automobile Club Tuesday, for an inspection of the Jamestown Boulevard, looking to State aid for its further deviced.

ing to State aid for its further development and extension, and it is probable that the larger project will be presented to him for consideration.

Charlie Thomas, Alleged Outlaw, Is Now in the Buckingham Jall. [Special to The Times-Dispatch.]
BUCKINGHAM C. H., VA., October 25.—Charlie Thomas was brought here yesterday from Basic City by Sheriff Williams and lodged in iail. It will be remembered that Thomas and the Zimmerman brothers broke jall here about a month ago. Rewards aggregating \$450 were offered by the Board off Supervisors of Buckingham county and the Governor for their apprehension, one of which will probably be paid the officer of Basic City, who made the arrest.

It is said that the Zimmerman brothers have an uncle living at Basic City, and they are probably in hiding near that place. Charlie Thomas, who is now in jall here, and his brother. Will Inomas, who is out on ball, will be arraigned in the Circuit Court here at the November term. Charlie Thomas will have to answer a charge of jall-breaking, in addition to the other charges against him.

These cases have excited much interest the country over, but it is doubtiful ful if either Thomas or the Zimmerman brothers have been in Buckingham county since the second right after their escape from here until Charlie Thomas was brought here today. There is a strong steel cage in the fall here, and it is hardly possible that the prisoner will again escape.

Rescued From Drowning.

[Special to The Times-Dispatch.]

LURAY, VA., October 25.—S. L. Bell,
a farmer of this county, came near
losing his life yesterday while attempting to cross Pass Run, which
had become greatly swollen by recent
heavy rains. He was traveling in a
buggy, and when midway of the stream
his horse and buggy were washed
flown by the swift current. The horse
finally secured a footing, when neighbors, who had come to his assistance,
rescued Mr. Bell from his perilous position.

Who had her husband arrested, charging him with desertion. In June of Inst year the troubles between Colonel Tucker and his wife were brought to the attention of the War Department, when Mrs. Tucker made an application for investigation of the coaduct of her husband at Manila and between Manila and Chicago. Ordinarily, the department does not take up the question of domestic infellelty, but in this case Secretary Taft referred to the Inspector-General of the army for investigation certain representations made by Mrs. Logan, Mrs. Tucker's mother, and Mrs. Tucker. General Garlington, the Easpector-General, spent some time in Manila in investigating the case and preparing a report, but no action, so far as is known, was taken by the War Department. The depart-

and electing nine, if not ten, of the Congressmen of the State, the Democratic managers and speakers enter with confidence to-day upon the final week of the struggle.

The main feature of the fight in the closing days of the campaign in Virginia will be the strenuous efforts by the Democrats to wrest the Ninth District from the centrol of what they call the "Slemp-Summers machine," and to make the success of Judge Saunders doubly sure in the Fifth. Governor Swanson has returned from New York and other Eastern States, where he spent last week speaking for Bryan and Kern, and he and Senator Martin will spend this week helping Saunders and Byars. They will speak at Abingdon, Pulaski, Gaiax, Pembroke, Martinsville and Stuart, winding up at the latter point next Saturday. Dozens of other Democratic campaigners will be put into these two districts, and if either of them shall go Republican it will not be owing to any lack of activity on the part of the leaders here or in the Southwestern section of the State, where these districts lie.

MISS FLORENCE M. COLFORD.

MISS Colferd and her sister are the youngest women ever admitted to practice before the United States Supreme Court. Both are pretty. Their ability got for them an indorsement from the Department of Junice for the honor granted them by the Supreme Court justices. The Misses Colford were graduated a couple of years ago from the Washington University School of Law with honors, and last year they took a post-graduate course. They have been practicing law with their nucle, E. Clarence Colford, and have attained already a reputation. They were born in Hallifax, Nova Scotia, but came to Washington when young. They attended the Georgetown Academy of Visitation, were graduated at the head of their class, and carried off prizes for oratory. An interesting feature of their studies is that they were always together in their class standing and tied of honors. There is a strong bond of sympathy and affect the between them.
